If you don't see a product you would like, please add it to your ORDER NOTES on the check out page. If we carry the item and it is in stock, we are happy to include it.

Once an order is placed, please do not try to call and add items or change your order; once an order is in motion it is difficult to change due to the number of different services and products we offer.

Due to supply chain issues, we are often out of certain products. If it has been omitted from your order it is generally due to being out of stock. You will not be charged.

Prices on the website are subject to change without notice. Customers will only ever be charged the same price being charged in-store.

We do not accept internet payment because too many of our products are sold by weight and The Crown Market will only ever charge you for the weight you receive. Customer is charged based on final weights.

Due to the current health crisis the Crown Market is unable to accept returns, please order accordingly.
